# KNOWLEDGE

OFFICIAL SAFETY MAGAZINE OF THE U.S. ARMY

**THIS WEEK** 06/12/2013

## FRESH OUT OF LUCK

It was June 28, 1997 — the night of the second Mike Tyson-Evander Holyfield fight. Everyone remembers that night because it's the fight where Tyson bit a chunk out of Holyfield's right ear. Unfortunately, I remember it for a different reason.

### GUILTY

As the staff sergeant walked into the courtroom to hear his fate, he had no idea what was about to happen to his military career. If he had only stopped and thought about what could go wrong, the sequence of events would certainly have been different.

### COMMUNICATION

Before engine start-up, it's imperative to always conduct a proper preflight and walk-around of the aircraft. Failing to do so before one night standardization ride nearly resulted in a hot start for my instructor pilot and me.

## DID YOU KNOW?

In observance of National Safety Month, the USACR/Safety Center is dedicating a campaign to safety's significance in four areas: civilian injury prevention, ground operations, aviation operations and off-duty driving. New materials will be released each week throughout June. Preliminary materials are now available on our website, so feel free to reproduce and distribute as needed. [Click here to download.](#)

## SAFETY FEATURE

LEADERS, SOLDIERS, FAMILIES AND CIVILIANS

# SAFETY STARTS WITH YOU

What can you do to keep yourself and others safe?

**Training, Discipline and Standards**

June is National Safety Month, and now is a great time to evaluate your personal risk for the year ahead.

The U.S. Army Combat Readiness/Safety Center has the tools to keep you and your Soldiers safe, both on and off duty. Visit us online at <https://safety.army.mil>.

## PRODUCTS & TOOLS

**know the signs**

DO WHAT'S RIGHT

Summer is almost here, and with it comes hazards unique to the season. As Soldiers, Army civilians and Family members take to roads and waterways for some well-deserved downtime, they will be exposed to risk more often than they might think. It's important they prepare now for what lies ahead.

**GRAT**

GROUND RISK ASSESSMENT TOOL

Identify, assess and control hazards associated with specified missions or tasks with the Ground Risk Assessment Tool.

**TRAVEL RISK TRIPS**

PLANNING SYSTEM

Going on leave, pass or TDY? Don't forget to first complete your Travel Risk Planning System assessment.
