'STICKING' IT TO VEHICLE ACCIDENTS

A simple approach to safety can often be effective. What started as an aggressive, revamped vehicle backing safety program evolved into a unique initiative that reduced Fort Knox transportation motor pool nontactical vehicle accidents by 50 percent. Here's how we did it.

THE THROTTLE

In the April and May issues of Knowledge, author David L. Hough provided Parts I and II of his series about maintaining control of a motorcycle when riding in a curve. In this issue, he offers the final part of the installment.

AIRCRAFT CHECKLISTS

Pilots are creatures of habit. While deployed, I tried to do things the same way before every flight so I wouldn't forget anything. Still, I learned the hard way that there's no substitute for the aircraft checklist.

DID YOU KNOW?

In observance of National Safety Month, the USACR/Safety Center is dedicating a campaign to safety's significance in four areas: civilian injury prevention, ground operations, aviation operations and off-duty driving. New materials will be released each week throughout June. Materials are now available on our website, so feel free to reproduce and distribute as needed. [Click here to download.](#)

PRODUCTS & TOOLS

Summer is almost here, and with it comes hazards unique to the season. As Soldiers, Army civilians and Family members take to roads and waterways for some well-deserved downtime, they will be exposed to risk more often than they might think. It's important they prepare now for what lies ahead.

Going on leave, pass or TDY? Don't forget to first complete your Travel Risk Planning System assessment.

Mentoring can help keep Soldiers safe. Find out what you can do to protect your Soldiers with the Motorcycle Mentorship Program.
