BEAT THE HEAT

Summer is a beautiful time of year; however, we should always be aware of the associated dangers lurking around the corner. Every year, thousands of people die from heat-related illnesses/injuries. Before engaging in any hot weather activity, we need to properly prepare for the elements.

AGAINST THE WIND

Motorcycles can be tricky to control in crosswinds, especially gusting crosswinds. You try to keep the motorcycle balanced, but the gusts suddenly slam it sideways and then, just as suddenly, let up. It's a constant battle to stay between the lines.

DON'T MESS WITH MOTHER NATURE

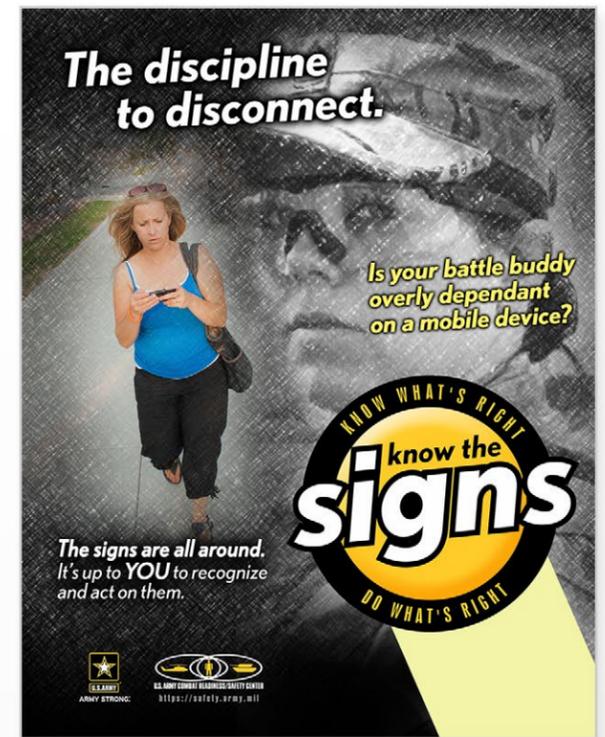

It was midsummer in Iraq, and I was a young pilot on a night vision goggle flight. My mind, however, was on my upcoming environmental leave, which was to start the next day.

DID YOU KNOW?

Air Force veteran Rusty Fine knows the dangers of distracted driving all too well. In February 2011, his niece, Megan Warman, died from injuries sustained in an accident in which she was texting and driving. Here's their story. (Here's the link to the article: https://safety.army.mil/portals/0/docs/PMV_Got_the_message.pdf.)
