THIS WEEK 07/31/2013

WHO NEEDS PPE?

Who needs personal protective equipment? Not me ... at least that's what I used to think.

FOCUS ON THE 'CAN'

If you truly listen to your Soldiers, there is very little they won't tell you, to include their recent purchase of an awesome weapon. No, you can't record that information, but you can use the opportunity to share some safety tips.

SITUATIONAL AWARENESS

There's an element of risk when Soldiers work in motor pools. For many Soldiers, it's part of a safely accomplished mission. For others, however, a split-second mishap serves as a lifelong reminder of the associated hazards.

DID YOU KNOW?

The Range and Weapons Safety Toolbox is a centralized collection of online resources for managing range operations and safe weapons handling. The toolbox hosts various references and materials, including publications, training support packages, multimedia products, ammunition and explosives information, and safety messages and alerts.
