SCHOOL OF HARD KNOCKS

You know that moment when someone looks back on their life and wishes they'd chosen a different path? For me, this was that moment. Just envision a miniature angel standing on one shoulder and a devil on the other. This time, the devil won.

EYE ON THE BALL

Dumbfounded, I stood on the racquetball court, trying to stop the blood flowing down my cheek. I'd just been hit in the eye with a ball and wondered how in the heck it happened. I had eyewear on, so why wasn't I protected?

WEATHER SURPRISE

Weather in any environment can be just as dangerous as the enemy we are fighting. Because it can be different than what is briefed by the controlling agency, sometimes, depending on the situation, you have to revise or abort the mission.

DID YOU KNOW?

Autumn is almost here, and with it comes hazards unique to the season. The USACR/Safety Center's Autumn Safety Campaign is now in full swing. The campaign website contains feature articles, videos, posters and resource documents themed on seasonal topics to augment your unit's existing safety programs. All are easily downloadable and ready to use in whatever format you prefer. Click here to visit the campaign website.

PRODUCTS & TOOLS

Find and review Army accident data with the Risk Management Information System.

Establish and maintain an effective driver training program with the Driver's Training Toolbox.

The Know the Signs campaign is designed to heighten awareness of risk factors and provide leaders and Soldiers the tools they need to address safety issues in their unit or peer group. The signs are all around.

It's up to you to recognize and act on them.
