## Sexual Harassment Assault Response Prevention Program (SHARP)

Welcome to The National Capital Region and Joint Base Myer-Henderson Hall. Our pledge and obligation is to create a relentless workforce that eradicates Sexual Harassment and Sexual Assault from our community and the Department of Defense. Sexual Harassment and Sexual Assault is taken very seriously, and it is critical that we uphold an absolute zero tolerance for this dishonorable behavior/action. If you have been or know of a Soldier, family member, or Department of the Army Civilian who is a victim of Sexual Harassment or Sexual Assault and needs help, please contact your unit's Victim Advocate, SARC, Health Care Provider, Special Victim Counsel (@ Legal), Chaplain, or the Helpline immediately.

### **DO NOT WAIT!**

You are not alone. Together, we will be the force in the fight! In accordance with the Department of the Army Sexual Harassment Assault Response & Prevention Program, we encourage you to allow your unit's Victim Advocate to support you. However, it is your right to contact any agency or person listed above. You have two options for reporting Sexual Assault (*Restricted and Unrestricted*).

**Restricted Reporting Option** allows a service member who has been sexually assaulted to confidentially disclose the details of the assault to the SARC, VA, and/or Health Care Provider and receive medical treatment, counseling, and victim advocacy without triggering the official investigative process. You may also consult with the Chaplain or Special Victim Counsel without triggering an investigation.

**Unrestricted Reporting Option** includes all of the previous mentioned services with the addition of notification to the Commander and CID which will initiate a full investigation. It is your option!
