MEMORANDUM FOR SEE DISTRIBUTION

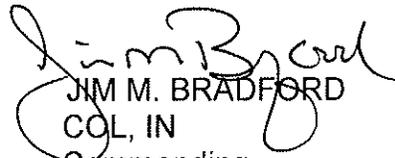

SUBJECT: US Army Garrison (USAG) Daegu Policy Letter #74, Pet Owners' Compliance with Army Family Housing (AFH)

1. United States Army Garrison (USAG) Daegu's Policy Memorandum #38 states that pets are an integral part of many households. However, pets in dwelling units can be problematic. Pet owners must ensure that pets are controlled so that they do not become a public nuisance or menace. Additionally, residents with pets are responsible for ensuring their children follow the pet policy.
2. There is a growing number of complaints of pet owners not adhering to the rules. Some pet owners are allowing their pets to relieve themselves in inappropriate areas, to include urinating inside buildings, elevators, and on building exteriors. Also some pet owners are not picking up their pets' waste in the designated dog green spaces provided. However, the Housing Office cannot take action against the violators unless residents are willing to provide written details, such as the violator's name, residence, dog breed, time of day of occurrence, description of the offense, witnesses of the incident, and/or photos. All residents are encouraged to report such violations of the pet policy to the Housing Office.
3. Violators of the pet policy set forth are subject to a variety of sanctions to include eviction from AFH. Effective immediately, the following process will be implemented by the housing office when violators are reported or identified.
 - a. The first offense: The violator will be issued a letter of warning outlining the offense and a chance to respond.
 - b. The second offense will result in the violator being referred to the Family Member and Civilian Misconduct Review Board for a review of the facts and a recommendation of potential sanctions. See USAG Daegu Policy Memorandum #38, Procedures and Guidelines for Processing of Civilian and Family Member Misconduct for more information. If sufficient evidence exists to indicate a violation of the policy then the family may have to choose between giving up their pet and being evicted from AFH.
