"Welcome"

Welcome to Kwaj! U.S. Army Garrison - Kwajalein Atoll (USAG-KA) is one of the most unique and dynamic communities within the United States Army. Our Installation is comprised of Soldiers, government civilian employees, U.S. contract personnel, Host Nation personnel, and their accompanying family members. These fine people come together to form a diverse element that is best described as "Team Kwajalein." They work together to maintain a world class missile test range and space operations post. This Garrison could not exist without the superb teamwork between our diverse community and the government of the Republic of the Marshall Islands. I ask you to join us in fostering these enduring special relationships.

Regardless of the length of your stay, whether it is 30 minutes or 30 years, Kwajalein will provide you with many interesting opportunities. I invite you to take advantage of the island lifestyle and experience all that Kwajalein has to offer. In your contact with the Marshallese people you will find them to be genuinely friendly, caring, and generous. Take the opportunity to get to know them. I trust your experience here will be memorable and will remain with you long after you complete your visit.

The Kwajalein Telephone and Island Directory is a tool to assist you during your stay with us. It includes maps, safety rules, natural disaster plans, and hours of operation for most of our facilities. The safety rules and natural disaster plans apply to all who reside on the island, regardless of your length of stay. It is important that you read and understand the details to avoid any complications. I also ask you to help us protect some of the sensitive nature of the personal information provided in this directory.

Today, as in the past, the men and women of the U.S. Army Garrison - Kwajalein Atoll are performing an important mission that is essential to the security of our nation. We are pleased to have you join us.
